BEST BRAND

Reader's Choice 2005-2009:
Best towing hitch!

Ball Coupling System 80 mm for Car Carrier

- Easy to exchange (standard oval hole G6), lockable
- Innovative locking system ensures simple and safe operation
- Zero backlash guarantees optimal ride comfort
- Integrated sealing ring provides for a long product life and low wear
- Less wear of the towing eye and ball due to additionally installed lubricant reservoirs

Technical Specifications

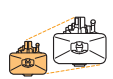

Ball Coupling System 80 mm

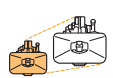

According to ECE55 Class T, the two locking bolts must be fixed with one screw each (B).

According to the EC94/20, in this position both locking bolts can be secured with two U-locks against unauthorized opening.
