

**Declaration of Compliance by the Executive and Supervisory Board
of the JOST Werke SE pursuant to
para. 161 German Stock Corporation Act (Aktiengesetz) with respect to the
German Corporate Governance Code as of December 5, 2024**

The Executive Board and the Supervisory Board of JOST Werke SE declare that the recommendations of the "German Corporate Governance Code" (GCGC) in the version dated June 27, 2022, have been complied with since the declaration of conformity issued on December 7, 2023, with the following exceptions, and will be complied with in the future:

- Recommendation A.3: A deviation is declared from the recommendation that the internal control system should also cover sustainability-related targets, unless already required by law. To ensure the quality of the non-financial data, the company has the sustainability report audited by an external auditor.
- Recommendation B.1: As a precautionary measure, a deviation from the recommendation regarding the composition of the board of directors is declared. The Supervisory Board pays attention to diversity when selecting members of the Board of Executive and has passed a quota of 25% female members for the Executive Board. At the same time, the Supervisory Board is of the opinion that the decisive factor for an appointment to the Executive Board should always be the personal and professional qualifications of the candidates.
- Recommendation G.3: The Supervisory Board shall assess whether the remuneration of Executive Board members is appropriate based on an external comparison with the remuneration of members of executive boards of comparable companies. The Supervisory Board made a deliberate decision not to define a fixed and static peer group, as the Supervisory Board is of the opinion that making such a link with a specifically defined peer group may lead to inappropriate outcomes.
- Recommendation G.4: When assessing whether the remuneration is appropriate, the Supervisory Board shall take account of the circumstances within the company itself. The Supervisory Board made a deliberate decision not to define a fixed group of senior managers, as the Supervisory Board is of the opinion that such a definition would not be appropriate in view of the heterogeneity of the remuneration structure within the company as a whole and internal remuneration practices within the company.
- Recommendation G.8: The Supervisory Board may make a positive or negative adjustment to all variable remuneration components if it is of the opinion that the respective variable remuneration components calculated do not appropriately reflect the company's business performance, the achievement of its strategic objectives and/or the Executive Board member's contribution thereto, owing to extraordinary

developments. The Supervisory Board has decided not to exclude the possibility of making retroactive adjustments to target values or comparison parameters, as such an exclusion may lead to inappropriate outcomes. The cap on the total bonus for each Executive Board member in terms of both the amount granted and the amount paid each year ("caps"), as stipulated in the remuneration system, is complied with in all cases.

- Recommendation G.11 sentence 2: According to the remuneration system, the Supervisory Board can stipulate in the Executive Board members' employment contracts that variable remuneration components may be retained or reclaimed in narrowly defined cases (compliance clawback; performance clawback). The existing employment contracts of Executive Board members Joachim Dürr, Oliver Gantzert and Dirk Hanenberg currently do not include such a possibility.
